

# WELCOME TO THE 119TH CONGRESS

## WE LOOK FORWARD TO WORKING WITH YOU IN 2025

UMR is a **coalition** of leading research institutions, patient and health advocates and private industry seeking strong, sustainable increases in funding for the National Institutes of Health (NIH) in order to save and improve lives, advance innovation and fuel the economy. We provide a variety of resources that illustrate the value of America's investment in medical research through the NIH.
